

Robert Piggott CE Federation Newsletter

www.robertpiggott.wokingham.sch.uk

Welcome to the first newsletter of the year. Many of you are returning parents and for others it is the start of a new era as your children join our school family. We hope you had enjoyable summers and are now settling into the new school routine.

We have now done our first full week back at school and already so many of our traditions have returned. Collective Worship will be returning led by Andy Ferguson and Reverend David in both schools. This year we will be concentrating on the values of grace, courage, friendship and on how to maintain a healthy mind, body and spirit. The values are taken from our school vision as explained in our welcome meetings, which it was lovely to see so many of you attend.

Clubs will be starting on Friday 19th September and Caterlink continue to provide our school lunches with the EYFS parents joining us this today to experience them. Next week our Year 5 pupils head off to Bushcraft, Badminton Woods and on 23rd September KS1 will be heading off on their first trip to Bekonscot Model Village to compliment this term's topic of Big & Small.

The PTA will soon be holding their AGM and have events lined up. Next week sees a Bags2School collection of unwanted clothing and a pre-loved uniform sale after school on Wednesday. Information on future events will be forthcoming.

We are in for an exciting and busy term. School dates will soon be updated on the website calendar so you can make sure you know when events are scheduled. It is going to be a wonderful year and we look forward to watching your children flourish into creative learners.

SCHOOL GAMES GOLD MARK AWARD

We are delighted to announce that thanks to the hard work of the PE Lead and pupils, we have achieved the School Games Gold Mark Award for the 2024/25 academic year. The School Games Mark is a Government-led award scheme launched in 2012, facilitated by the Youth Sport Trust to reward schools for their commitment to the development of competition across their school and into the community, and we are delighted to have been recognised for our success. With a high proportion of young people competing in local inter-school competitions this year, we are extremely proud of our pupils for their dedication to all aspects of school sport, including those young volunteers, leaders and officials who made our competitions possible. As part of our application, we were asked to fulfil criteria in the areas of participation, competition, workforce and clubs, and we are pleased that the hard work of everyone at our school has been rewarded this year. We look forward to applying for Platinum in 2026!

We are currently looking for donations of dolls, cars, dinosaurs and other small toys to be used across the schools. Should you wish to rehome any, please drop them in to the offices.

SCHOOL LUNCHES

The new Doves joined us this week for their first trial lunch before joining us full time next week.

We were very excited to have been able to invite the parents to join the children this year.

Mrs Woods has done a great job for Caterlink preparing lovely meals for them.

Please find below the menu. This will change after half term..

		MONDAY	TUESDAY	WEDNESDAY	THURSDAY	FRIDAY
WEEK ONE	1 Sept 22 Sept 13 Oct	Pasta Kitchen Tomato and Lentil Pasta	BBQ Chicken Pizza with Salads	Chicken and Vegetable Sausage, Roast Potatoes & Gravy	Spaghetti Bolognaise	Fishfingers with Chips & Tomato Sauce
		 Macaroni Cheese	Mild Mexican Chilli with Rice	Roast Quorn, Stuffing, Roast Potatoes, & Gravy	NEW Chefs Special Chickpea Curry with Rice	Vegetarian Sausage
		Vegetables of the Day	Vegetables of the Day	Vegetables of the Day	Vegetables of the Day	Vegetables of the Day
		Syrup Snap Biscuit	Summer Lemon Cake	Fruit Platter	Banana Cake	Chocolate Shortbread
WEEK TWO	8 Sept 29 Sept 20 Oct	Lentil and Sweet Potato Curry with Rice	Chef Special Chicken and Chickpea Korma with Rice	Roast of the Day, Stuffing, Roast Potatoes, & Gravy	Pork Hot Dog with Wedges & Tomato Sauce	Battered Fish with Chips & Tomato Sauce
		Cheese and Tomato Pizza with Salads	Spaghetti and Meatballs	Lentil and Vegetable Soya Roast with Roast Potatoes & Gravy	Vegan Hot Dog with Wedges & Tomato Sauce	Cheese and Tomato Quiche with Chips
		Vegetables of the Day	Vegetables of the Day	Vegetables of the Day	Vegetables of the Day	Vegetables of the Day
		Iced Vanilla Sponge	NEW Strawberry and Apple Crumble with Custard	Freshly Chopped Fruit Salad	Peaches and Ice Cream	Vanilla Shortbread
WEEK THREE	15 Sept 6 Oct	Vegetarian Burger with Chips	NEW Green Thai Chicken Curry with Rice	Roast Turkey, Roast Potatoes & Gravy	 NEW Greek Macaroni Bolognese with Greek Salad and Tzatziki	Breaded Fish and Chips

		Pear Upside Down Cake	Cheese and Crackers	Fruit Medley	Jam and Coconut Sponge	Oaty Cookie
MENU KEY		 Added Plant Power	 Wholemeal	 Vegan	 Chef's Special	ALLERGY INFORMATION: If you would like to know about particular allergens in foods please ask a member of the catering team for information. If your child has a school lunch and has a food allergy or intolerance you will be asked to complete a form to ensure we have the necessary information to cater for your child. We use a large variety of ingredients in the preparation of our meals and due to the nature of our kitchens it is not possible to completely remove the risk of allergen cross contact.
Available Daily: - Freshly cooked jacket potatoes with a choice of fillings - Bread freshly baked on site daily- Daily salad selection						

Attendance

Infant School 99.1%

Junior School 98.2%

Attendance expectation 96%

Please support this year in maintaining our attendance levels above the 96% mark.

Should your child drop below 90% you will be contacted by the School leadership team.

ATTENDANCE

WHAT THE NEW RULES MEAN FOR ME

1

I'm a single parent of one child and we want to go on holiday for a week.

Your holiday will not be authorised and you must talk to the school before you book anything.
Because your child will miss 5 school days you will be given a penalty notice fine.

The fine is £160 but if you pay it in 21 days it will be reduced to £80.

£160

2

FOR EVERY CHILD A PENALTY IS GIVEN.

+ £160 + £160 + £160 + £160

4 children & 1 parent = £640

Reduced to £320 if paid in 21 days

IRREGULAR ATTENDANCE

10 IN 10

5

If your child is absent for 10 or more sessions in 10 weeks and their absences are unauthorised. The school will consider prosecution.

1 Day = 2 Sessions

3

FOR A FAMILY OF TWO PARENTS

+ £160 + £160 + £160 + £160

**4 children & 2 parents =
£1280**

Reduced to £640 if paid in 21 days

If in any period of not more than 3 years, your child has a 2nd and 3rd leave of absence or pattern of irregular attendance...

4

2ND TIME

2 parents and
1 child = £320
2 children = 640
3 children = 960
4 children = 1280

No discount for early payment

3RD TIME

A penalty notice fine will not be given. Instead, your case will be taken to court.

A magistrate can fine each parent
£2500 for each child

**1 parent & 4 children = £10,000
2 parents & 4 children = £20,000**

Guidance on infection control in schools and other childcare settings in Northern Ireland

Prevent the spread of infections by ensuring routine immunisation, high standards of personal hygiene and practice, particularly handwashing, and maintaining a clean environment. Please contact the Public Health Agency **Health Protection Duty Room on 03005550119** or

visit www.publichealth.hscni.net or www.gov.uk/government/organisations/uk-health-security-agency if you would like any further advice or information, including the latest guidance. Children with rash should be considered infectious and assessed by their doctor.

Rashes and skin infections	Recommended period to be kept away from school, nursery or childminders	Comments
Athlete's foot	None	Athlete's foot is not a serious condition. Treatment is recommended
Chickenpox*	Until all vesicles have crusted over	See: Vulnerable children and female staff – pregnancy
Cold sores, (Herpes simplex)	None	Avoid kissing and contact with the sores. Cold sores are generally mild and self-limiting
German measles (rubella)*	Four days from onset of rash (as per "Green Book")	Preventable by immunisation (MMR x 2 doses). See: Female staff – pregnancy
Hand, foot and mouth	None	Contact the Duty Room if a large number of children are affected. Exclusion may be considered in some circumstances
Impetigo	Until lesions are crusted and healed, or 48 hours after commencing antibiotic treatment	Antibiotic treatment speeds healing and reduces the infectious period
Measles*	Four days from onset of rash	Preventable by vaccination (MMR x 2). See: Vulnerable children and female staff – pregnancy
Molluscum contagiosum	None	A self-limiting condition
Ringworm	Exclusion not usually required	Treatment is required
Roseola (infantum)	None	None
Scabies	Child can return after first treatment	Household and close contacts require treatment
Scarlet fever*	Child can return 24 hours after commencing appropriate antibiotic treatment	Antibiotic treatment recommended for the affected child. If more than one child has scarlet fever contact PHA Duty Room for further advice
Slapped cheek (fifth disease or parvovirus B19)	None once rash has developed	See: Vulnerable children and female staff – pregnancy
Shingles	Exclude only if rash is weeping and cannot be covered	Can cause chickenpox in those who are not immune i.e. have not had chickenpox. It is spread by very close contact and touch. If further information is required, contact the Duty Room. SEE: Vulnerable Children and Female Staff – Pregnancy
Warts and verrucae	None	Verrucae should be covered in swimming pools, gymnasiums and changing rooms

Diarrhoea and vomiting illness	Recommended period to be kept away from school, nursery or childminders	Comments
Diarrhoea and/or vomiting	48 hours from last episode of diarrhoea or vomiting	
E. coli O157 V TEC*	Should be excluded for 48 hours from the last episode of diarrhoea	Further exclusion is required for young children aged five years and under and those who have difficulty in adhering to hygiene practices
Typhoid* [and paratyphoid] (enteric fever)	Further exclusion may be required for some children until they are no longer excreting	Children in these categories should be excluded until there is evidence of microbiological clearance. This guidance may also apply to some contacts of cases who may require microbiological clearance
Shigella* (dysentery)		Please consult the Duty Room for further advice
Cryptosporidiosis*	Exclude for 48 hours from the last episode of diarrhoea	Exclusion from swimming is advisable for two weeks after the diarrhoea has settled

Respiratory infections	Recommended period to be kept away from school, nursery or childminders	Comments
Flu (influenza)	Until recovered	See: Vulnerable children
Tuberculosis*	Always consult the Duty Room	Requires prolonged close contact for spread
Whooping cough* (pertussis)	48 hours from commencing antibiotic 48 hours following commencement of recommended antibiotic therapy, or for 14 days from the onset of illness if untreated.	Preventable by vaccination. After treatment, non-infectious coughing may continue for many weeks. The Duty Room will organise any contact tracing necessary. Some individuals that work with vulnerable groups (pregnant women, very young unvaccinated babies) should be excluded from work as soon as a diagnosis of pertussis is suspected until 48 hours following commencement of recommended antibiotic therapy, or for 21 days following the onset of cough if untreated. Contact duty room for more advice
COVID-19 (coronavirus)	Stay at home and avoid contact with other people until you no longer have a high temperature (if you had one) or until you feel better. www.nidirect.gov.uk/articles/symptoms-respiratory-infections-including-covid-19	See Vulnerable children

Other infections	Recommended period to be kept away from school, nursery or childminders	Comments
Conjunctivitis	None	If an outbreak/cluster occurs, consult the Duty Room
Diphtheria *	Exclusion is essential. Always consult with the Duty Room	Family contacts must be excluded until cleared to return by the Duty Room. Preventable by vaccination. The Duty Room will organise any contact tracing necessary
Glandular fever	None	
Head lice	None	Treatment is recommended only in cases where live lice have been seen
Hepatitis A*	Exclude until seven days after onset of jaundice (or seven days after symptom onset if no jaundice)	The duty room will advise on any vaccination or other control measure that are needed for close contacts of a single case of hepatitis A and for suspected outbreaks.
Hepatitis B*, C, HIV/AIDS	None	Hepatitis B and C and HIV are bloodborne viruses that are not infectious through casual contact. For cleaning of body fluid spills. SEE: Good Hygiene Practice
Meningococcal meningitis*/ septicaemia*	Until recovered	Some forms of meningococcal disease are preventable by vaccination (see immunisation schedule). There is no reason to exclude siblings or other close contacts of a case. In case of an outbreak, it may be necessary to provide antibiotics with or without meningococcal vaccination to close contacts. The Duty Room will advise on any action needed.
Meningitis* due to other bacteria	Until recovered	Hib and pneumococcal meningitis are preventable by vaccination. There is no reason to exclude siblings or other close contacts of a case. The Duty Room will give advice on any action needed
Meningitis viral*	None	Milder illness. There is no reason to exclude siblings and other close contacts of a case. Contact tracing is not required
MRSA	None	Good hygiene, in particular handwashing and environmental cleaning, are important to minimise any danger of spread. If further information is required, contact the Duty Room
Mumps*	Exclude child for five days after onset of swelling	Preventable by vaccination (MMR x 2 doses)
Threadworms	None	Treatment is recommended for the child and household contacts
Tonsillitis	None	There are many causes, but most cases are due to viruses and do not need an antibiotic

Good hygiene practice

Handwashing is one of the most important ways of controlling the spread of infections, especially those that cause diarrhoea and vomiting, and respiratory disease. The recommended method is the use of liquid soap, warm water and paper towels. Always wash hands after using the toilet, before eating or handling food, and after handling animals. Cover all cuts and abrasions with waterproof dressings. Coughing and sneezing easily spread infections. Children and adults should be encouraged to cover their mouth and nose with a tissue. Wash hands after using or disposing of tissues. If tissues are unavailable sneeze or cough into the crook of the elbow and not hands. Spitting should be discouraged.

Personal protective equipment (PPE). Disposable gloves and disposable plastic aprons must be worn where there is a risk of splashing or contamination with blood/body fluids (for example, nappy or pad changing). Goggles should also be available for use if there is a risk of splashing to the face. Correct PPE should be used when handling cleaning chemicals.

Cleaning of the environment, including toys and equipment, should be frequent, thorough and follow national guidance. For example, use colour-coded equipment, follow Control of Substances Hazardous to Health (COSHH) regulations and correct decontamination of cleaning equipment. Monitor cleaning contracts and ensure cleaners are appropriately trained with access to PPE.

Cleaning of blood and body fluid spillages. All spillages of blood, faeces, saliva, vomit, nasal and eye discharges should be cleaned up immediately (always wear PPE). When spillages occur, clean using a product that combines both a detergent and a disinfectant. Use as per manufacturer's instructions and ensure it is effective against bacteria and viruses and suitable for use on the affected surface. Never use mops for cleaning up blood and body fluid spillages – use disposable paper towels and discard clinical waste as described below. A spillage kit should be available for blood spills.

Laundry should be dealt with in a separate dedicated facility. Soiled linen should be washed separately at the hottest wash the fabric will tolerate. Wear PPE when handling soiled linen. Children's soiled clothing should be bagged to go home, never rinsed by hand. See www.ninfectioncontrolmanual.net/sites/default/files/Laundry_Leaflet_04_16.pdf

Clinical waste. Always segregate domestic and clinical waste, in accordance with local policy. Used nappies/pads, gloves, aprons and soiled dressings should be stored in correct clinical waste bags in foot-operated bins. All clinical waste must be removed by a registered waste contractor. All clinical waste bags should be less than two-thirds full and stored in a dedicated, secure area while awaiting collection. Sharps, eg needles, should be discarded straight into a sharps bin conforming to BS 7320 and UN 3291 standards. Sharps bins must be kept off the floor (preferably wall-mounted) and out of reach of children.

Sharps injuries and bites

If skin is broken as a result of a used needle injury or bite, encourage the wound to bleed/wash thoroughly using soap and water. Contact GP or occupational health or go to A&E immediately. Ensure local policy is in place for staff to follow. Contact the Duty Room for advice, if unsure.

Animals

Animals may carry infections, so wash hands after handling animals. Health and Safety Executive for Northern Ireland (HSNI) guidelines for protecting the health and safety of children should be followed.

Animals in school (permanent or visiting). Ensure animals' living quarters are kept clean and away from food areas. Waste should be disposed of regularly, and litter boxes not accessible to children. Children should not play with animals unsupervised. Hand-hygiene should be supervised after contact with animals and the area where visiting animals have been kept should be thoroughly cleaned after use. Veterinary advice should be sought on animal welfare and animal health issues and the suitability of the animal as a pet. Reptiles are not suitable as pets in schools and nurseries, as all species carry salmonella.

Visits to farms. For more information see <https://www.hseni.gov.uk/publications/preventing-or-controlling-ill-health-animal-contact-visitor-attraction>

Vulnerable children

Some medical conditions make children vulnerable to infections that would rarely be serious in most children, these include those being treated for leukaemia or other cancers, on high doses of steroids and with conditions that seriously reduce immunity. Schools and nurseries and childminders will normally have been made aware of such children. These children are particularly vulnerable to chickenpox, measles and parvovirus B19 and, if exposed to either of these, the parent/carer should be informed promptly and further medical advice sought. It may be advisable for these children to have additional immunisations, for example pneumococcal and influenza. This guidance is designed to give general advice to schools and childcare settings. Some vulnerable children may need further precautions to be taken, which should be discussed with the parent or carer in conjunction with their medical team and school health. Vulnerable children will have been offered COVID-19 vaccinations and booster vaccinations.

Female staff – pregnancy

If a pregnant woman develops a rash or is in direct contact with someone with a potentially infectious rash, this should be investigated by a doctor who can contact the duty room for further advice. The greatest risk to pregnant women from such infections comes from their own child/children, rather than from the workplace.

- Chickenpox can affect the pregnancy if a woman has not already had the infection. Report exposure to midwife and GP at any stage of pregnancy. The GP and antenatal carer will arrange a blood test to check for immunity. Shingles is caused by the same virus as chickenpox, so anyone who has not had chickenpox is potentially vulnerable to the infection if they have close contact with a case of shingles.
- German measles (rubella). If a pregnant woman comes into contact with German measles she should inform her GP and antenatal carer immediately to ensure investigation. The infection may affect the developing baby if the woman is not immune and is exposed in early pregnancy.
- Slapped cheek disease (fifth disease or parvovirus B19) can occasionally affect an unborn child. If exposed early in pregnancy (before 20 weeks), inform whoever is giving antenatal care as this must be investigated promptly.
- Measles during pregnancy can result in early delivery or even loss of the baby. If a pregnant woman is exposed she should immediately inform whoever is giving antenatal care to ensure investigation.
- All female staff born after 1970 working with young children are advised to ensure they have had two doses of MMR vaccine.

*The above advice also applies to pregnant students.

Immunisations

Immunisation status should always be checked at school entry and at the time of any vaccination. Parents should be encouraged to have their child immunised and any immunisation missed or further catch-up doses organised through the child's GP. For the most up-to-date immunisation advice and current schedule visit www.publichealth.hscni.net or the school health service can advise on the latest national immunisation schedule.

Routine childhood immunisation programme

When to immunise	Diseases vaccine protects against	How it is given	
2 months old	Diphtheria, tetanus, pertussis (whooping cough), polio, Hib and hepatitis B (6 in 1)	One injection	
	Rotavirus	Orally	
	Meningococcal B infection	One injection	
3 months old	Diphtheria, tetanus, pertussis, polio, Hib and hepatitis B (6 in 1)	One injection	
	Pneumococcal infection	One injection	
	Rotavirus	Orally	
4 months old	Diphtheria, tetanus, pertussis, polio, Hib and hepatitis B (6 in 1)	One injection	
	Meningococcal B infection	One injection	
	Measles, mumps and rubella	One injection	
Just after the first birthday	Pneumococcal infection	One injection	
	Hib and meningococcal C infection	One injection	
	Meningococcal B infection	One injection	
Every year from 2 years old up to and including Y12	Influenza	Nasal spray or injection	
	3 years and 4 months old	Diphtheria, tetanus, pertussis and polio	One injection
	Measles, mumps and rubella	One injection	
Girls and boys 12 to 13 years old	Conditions caused by human papillomavirus including cervical cancer (in girls) and cancers of the mouth, throat, anus and genitals (in boys and girls) and genital warts.	One injection	
	14 to 18 years old	Tetanus, diphtheria and polio	One injection
	Meningococcal ACWY	One injection	

This is the Immunisation Schedule as of September 2022. Children who present with certain risk factors may require additional immunisations. Always consult the most updated version of the "Green Book" for the latest immunisation schedule on www.gov.uk/government/collections/immunisation-against-infectious-disease-the-green-book#the-green-book

Staff immunisations. All staff should undergo a full occupational health check prior to employment; this includes ensuring they are up to date with immunisations, including two doses of MMR.

Original material was produced by the Health Protection Agency and this version adapted by the Public Health Agency, 12-22 Linenhall Street, Belfast, BT2 8BS. Tel: 0300 555 0114. www.publichealth.hscni.net

* denotes a notifiable disease. It is a statutory requirement that doctors report a notifiable disease to the Director of Public Health via the Duty Room. Outbreaks: if a school, nursery or childminder suspects an outbreak of infectious disease, they should inform the Duty Room.

Second-Hand Uniform Sale

The PTA will be holding a pre-loved uniform sale, after school, on Wednesday 17th September.

If anyone would like to donate pre-loved clothes, in good condition, please would they take them to the Infant or Junior reception.

Thank you

BAG2SCHOOL UNWANTED CLOTHES COLLECTION
Raising Money for the Robert Piggott Primary School
TUESDAY 16TH SEPTEMBER 2025
WARGRAVE RECREATION CAR PARK
Drop off from 8.30, Collection 9-9.30am

A space will be cordoned off for our collection - social distancing at all times please. Please make sure items are all bagged and tied up. I will be there from 8.30, please only drop your bags off from this time onwards. If it is raining I will bring tarpaulins to cover the bags.

Absolutely no pillows, cushions or duvets. No books or plastic toys or bric a brac. Please read the list below for full details. Please read the list below for full details. These items are taken out and sadly put in the bin.

Wokingham Christmas Card Competition 2025

I hope you enjoyed a well-deserved summer break and are having a good start to the new academic year!

As your MP for Wokingham, I am writing to invite your pupils to take part in my inaugural Christmas Card Competition, open to all primary school children in the constituency. Every pupil is invited to submit a design. All participants will receive a certificate, while the winner and runners-up will each be awarded book tokens. The winning design will be used on my official Christmas card this year, which will be sent to more than 40,000 households across Wokingham.

Competition details:

- We're looking for bright, creative, and festive designs! (Please avoid glitter, glue, cotton wool, or other stick-on-items as they do not reproduce well in print.)
- Please send original designs, not photocopies – don't worry, these will all be given back to you!
- Entries must be submitted on A4 paper (the winning design will be scaled down to A6 for printing).
- Pupils must write their full name, school year, and age clearly on the back of their design – otherwise we won't know who the winner is!
- the name, age, year group, and school of the winner will be printed on the card, so entries should only be submitted where parents/guardians are okay with this information being shared.

Deadline: Friday 3rd of October 2025

Submission details:

- Please send all entries to my constituency office at: **Office 6, Trinity Court, Molly Millars Lane, Wokingham, RG41 2PY**
- Please also let me office know whether your pupils will be taking part by emailing chris.ward@parliament.uk

If you have any other questions, please email Chris Ward.

I am very much looking forward to seeing the creativity of your pupils this year!

Best wishes,
Clive Jones MP
Member of Parliament for Wokingham

St Mary's Church Wargrave
With Knowl Hill

We're thrilled to announce the relaunch of our much-loved Sunday Club,
now with a brand-new name and fresh energy
