Let's get together & play

Give your little one the best start to their learning journey!

Our classes for children aged 1-4 years are created by early years specialists and speech & language therapists, and are led by a primary school teacher with nearly 20 years of experience.

We offer a nurturing, play-based environment where children feel safe, confident, and excited to learn. Through fun, imaginative activities, your child will build the early literacy skills they need for school – and you'll be amazed at how much they learn along the way!

Join us for a 3-week trial and see the magic for yourself. Spaces are now very limited, so be sure to add yourself to the waitlist if you'd like details about next term's classes

We had Ts first parents evening tonight and I just wanted to feed something amazing back to you. His teacher said that, since she started teaching, she's never seen a child so advanced in phonics and Ts ability is 'beyond anything she's seen before'. From next term he's going to be joining year 1 (or possibly year 2!) for their phonics. You had a huge role to play in helping T (and me!) learn phonics and I can't express how grateful I am.
